We also provide other assistance necessary for parents to be able to work in addition to supporting families with children.

※ Children will usually be looked after at a Makasete Member’s house. However, if both the Makasete and the Onegai Member agree, the child may be looked after e.g. at their own house or at a Childcare Support Center (kosodate shien sentā).
The Process

① Introducing Members to One Another
The Center will choose two members that fulfill one another's requirements and introduce them.

② Meeting
The Onegai Member must call the Makasete Member to agree on a meeting within a week of the Center introducing the two members.

The Onegai Member must fill out the Pre-Meeting Information Form (jizen uchiawase yōshi) before the meeting. Please go through the form during the meeting.

The Makasete Member must fill out the cut-out section of the Pre-Meeting Information Form and give it to the Onegai Member.

After the meeting is over, the Onegai Member must contact the Center.

③ Requesting Assistance
When the Onegai Member needs childcare assistance, they must contact either the Center or a Makasete Member they have already had a meeting with to request assistance.

※ The Center must be notified also if the Onegai Member submits a request directly to the Makasete Member.

④ Requested Assistance
After receiving a request for childcare assistance from either the Center or an Onegai Member, the Makasete Member should do their best to provide childcare assistance during the dates and times mentioned in the request. However, the request for assistance is not binding. If the Makasete Member is not available, they must notify the Center.

The Onegai Member cannot ask for any assistance that is not listed in their request.
The Onegai Member should pack as many snacks and meals as they can for their child to take with them.

If the Onegai Member has requested assistance with transporting their child to and/or from a school or childcare facility, the Onegai Member must notify the school or childcare facility of who is dropping off and picking up the child and when.

If the Onegai Member would like to cancel their request for childcare assistance, they must contact the Makasete Member and the Center to let them know.

⑤ How to Provide Requested Assistance

The Makasete Member must make sure that any assistance they provide is in accordance with the Safety Check List (p. 6).

The Makasete Member must keep an eye on the child’s general wellbeing while the child is in their care. If there is a change in the child's conditions or if an accident occurs, the Makasete Member must abide by the instructions provided in the section titled “What to Do in the Event of an Emergency” (p. 10).

The Makasete Member must show their Membership Card (kai’inshō) to the staff of the school or childcare facility when dropping off or picking up a child.

⑥ Reporting and Payment

The Makasete Member must write a report on a 3-ply form (seikatsu hōkokushō) and submit it to the Onegai Member.

The Onegai Member must sign the report after confirming its contents and pay the Makasete Member for their services. The Onegai Member will keep the sheet titled “Onegai Member's Copy” (onegai kai'in'yō) as proof that they have paid the Makasete Member.

※ The Center does not handle any aspect of the payment.
How to Submit the Report

The Makasete Member must submit the sheet titled “Family Support Center’s Copy” (famirī sapōto sentāyō) to either the Center or to the Kodomo Seisaku-ka at Izumo City Hall. Alternatively, the form may be brought to any Branch Office and submitted to the applicable section handling childcare matters by the 5th day of the following month. (The sheet can also be submitted by mail.)
Preparing for a Natural Disaster

★ Please make sure to exchange multiple types of contact information (cell phone, house phone, workplace, nursery school (hoikusho), etc.) to ensure that you can contact one another in the event of a natural disaster, such as an earthquake, typhoon or flood. Please also talk with one another about what to do in the event of a natural disaster.

★ In the event that a natural disaster occurs while a child is in their care, the Makasete Member must take full responsibility for the child’s safety.

※ If you cannot reach one another by phone, please use emergency contacting services such as the Disaster Emergency Message Dial 171 (saigaiyō dengon) or similar services provided by your cell phone provider.

※ The Family Support Center's liability insurance does not cover natural disasters. Please make sure to act in a responsible manner.

★ Members must protect everyone's privacy even after they have terminated their membership.

Sick or Recuperating Children

Makasete Members can help you if your child only has a mild fever or is recovering from an illness.

How to Request Assistance for a Sick or Recuperating Child

□ Makasete Members can help you after you have had a doctor examine your child.
□ Please make sure to provide the following information on the Request Form for a Sick or Recuperating Child (byōji, byōgoji irai renrakuhyō) for the benefit of the Makasete Member: the results of the doctor's examination, the doctor's name and contact information, the child's condition (body temperature, symptoms and any changes therein, what the child has eaten, bowel movements, mood, etc.), guardian's emergency contact information (house phone, work, cell phone, etc.), medical history, allergies, and information on the child's everyday life (bowel movements, meals, sleep), etc.
□ If members agree on assistance between themselves in the event of an emergency, please make sure to contact the Family Support Center to let them know.
□ Please make sure to stay in contact with one another – especially if there are changes in the child's condition – while the child is in the Makasete Member's care.

If There Are Changes in the Child's Condition

Please stay calm and refer to the section titled “What to Do in the Event of an Emergency” (p. 10) for instructions on what to do if the child, for example, develops a fever, has a stroke, or starts vomiting or convulsing.

1. Contact the Onegai Member
   Tell them that there has been a change in the child's condition. Ask them what to do.
2. Contact the Family Support Center
3. If necessary, contact a doctor

Administrating Medication

As a rule, the Makasete Members do not administer medication to the children in their care. However, in cases where it is absolutely necessary for the Makasete Member to administer medication, the Makasete Member can only administer medication that has been prescribed by a doctor and written down in the section titled “Request for the Administration of Medicine” (tōyaku iraiisho) located on the back of the Request Form for a Sick or Recuperating Child (byōji, byōgoji irai renrakuhyō).
When Can Assistance Not Be Provided

- If the child has an infectious disease that is going around (epidemic).
- If the child has an infectious disease requiring official reporting.
- If the child is badly injured or ill (high fever, extreme cough, vomiting, dehydration due to watery diarrhea, limpness, etc.)
- If the child needs to be picked up from their nursery school (hoikuen) or other childcare facility or school due to a sudden fever or sickness.

Makasete Members are best able to help if they know how your child normally behaves when healthy ♥
Remuneration

1. Please pay the Makasete Member as follows. (Cf. Section 16 of the Izumo Family Support Center Guidelines)

2. If you place more than one child in the Makasete Member's care, you will pay the full fee for one child and half the fee for any additional children. (However, you must pay the full fee for all sick or recuperating children placed in the Makasete Member’s care.)

3. In the event that you need to cancel any agreed-upon care, please pay the Makasete Member a cancellation fee in the following manner.

   - If you cancel without notice – full fee

Insurance

When you become a member, you will automatically be enrolled in three types of insurance, namely Service Provider Accident Insurance (sābisu teikyō kai’in shōgai hoken), liability insurance (baishō sekinin hoken), Accident Insurance for Children in Care (irai kodomo shōgai hoken). All insurance premiums are covered by the Family Support Center.

1. Service Provider Accident Insurance (sābisu teikyō kai’in shōgai hoken)

The Service Provider Accident Insurance covers any injury sustained in a sudden, unforeseen accident that occurs while a member is providing childcare services on behalf of the Family Support Center, or when traveling the regular route between the house of the childcare-providing member, the child's house, and/or the childcare facility.

(Examples of Coverage)

- The Makasete Member suffers a burn when preparing a meal for the child.
- The Makasete Member is in a car accident when on their way to pick up the child.

2. Liability Insurance (baishō sekinin hoken)

Liability insurance covers, for example, the reparations payable by the childcare-providing member pursuant to liability arising from law in situations where the member has caused bodily injury to the child in their care, a third party, or to the possessions thereof e.g. due to an oversight or because of the food or drink provided by the member.

(Examples of Coverage)

- Requests for reparations that arise from a child in the Makasete Member's care being badly burned by hot water due to the Makasete Member's carelessness.
- Requests for reparations that arise from a child in the Makasete Member's care e.g. getting food poisoning or burns from food or milk provided (prepared) by the Makasete Member.
The service provider is entitled to compensation in the event that a child in the service provider’s care e.g. damages the service provider’s belongings or causes harm to the service provider’s child or children. (Compensation will be paid for one incident per childcare period.)

3. Accident Insurance for Children in Care (irai kodomo shōgai hoken)

The Accident Insurance for Children in Care covers any injury sustained by the child in a sudden, unforeseen accident while in the service provider’s care, regardless of whether or not the service provider was at fault.

(Examples of Coverage)

- The child falls down a set of stairs and is injured as a result.
